

Mobile Phone and Electronic Device Use

This policy refers to all electronic devices able to take pictures, record videos, send or receive calls and messages. This includes cameras, mobile telephones, tablets and any recording devices including smartwatches. More and more devices are technically, capable of connecting us to the outside world. We will adapt the policy to include all devices we deem necessary to safeguard children.

Mobile phones and other devices that accept calls, messages and video calling

At Snowdrop Cottage we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children in the nursery receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal mobile phones and smartwatches during working hours. We use mobile phones supplied by the nursery to provide a means of contact in certain circumstances, such as outings, or taking photos for uploading to private closed parent facebook group, these posts are then sent for approval by management before being posted. These phones are password protected and the pictures are regularly printed and deleted from the devices.

This policy should be used in conjunction with our online safety policy to ensure children are kept safe when using the nursery devices online.

Parents' and visitors' use of mobile phones and smartwatches

Parents are kindly asked to refrain from using their mobile telephones whilst in the nursery or when collecting or dropping off their children. We will ask any parents using their phone inside the nursery premises to finish the call or take the call outside. We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child.

Parents are requested not to allow their child to wear or bring in devices with imaging and/or sharing capabilities. This ensures all children are safeguarded and also protects their property as it may get damaged or misplaced at the nursery.

Photographs and videos

At Snowdrop Cottage we recognise that photographs and video recordings play a part in the life of the nursery. We ensure that any photographs or taken of children in our nursery are only done with prior written permission from each child's parent and only share photos with parents in a secure manner. We obtain this when each child is registered and we update it on a regular basis to ensure that this permission still stands.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child's learning journey; for display purposes; for promotion materials including our nursery website, brochure and the local press; and the different social media platforms we use. We ensure that parents understand that where their child is also on another child's photograph, but not as the primary person, that may be used in another child's learning journey. Photographs and videos will not be taken in areas where intimate care routines are carried out.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child's play or learning.

The nursery manager will monitor all photographs and recordings to ensure that the parents' wishes are met and children are safeguarded. Parents are not permitted to use any recording device or camera (including those on mobile phones or smartwatches) on the nursery premises without the prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case we will gain individual permission for each child before the event. This will ensure all photographs taken are in line with parental choice. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.
